Dear Soroptimist International Club Members,

WELCOME!!! 2008 Fall District Workshop attendees!

What a privilege and honor for Soroptimist International of Santa Clarita Valley, to be your hosts.

The purpose of this highly interactive workshop is to put you in the driver's seat, at the intersection with a traffic light – a familiar seat for most of us. With our *Road Map* of clear directions in front of us designed by our very own Governor Cheri, we are well equipped to travel this day's journey of informative education, awareness, and our final stop -- yes, some physical ACTION!

PLEASE, come prepared in loose, moveable, open, *mind and clothing* to participate in each event of the workshop – You wouldn't want a ticket for speeding through town! ~ This day promises to be one you will not soon forget and might even move you in a new direction. On the road or in life, at any *intersection or crossroads*, which way you go is your choice.

It is my sincere pleasure to welcome you to Santa Clarita Valley. Our venue, The Paseo Club, is located just 5 minutes off the **5 Fwy North**.

We are so pleased to be with you in this experience of coming together in unity and moving in a direction of growth and distinction. It is an honor to share with you the heart bearing the name Soroptimist, as women rising in congruence to improve the lives of women and girls locally and globally.

If you have any questions, please contact Lisa Schuman at 661-312-8870 or alrnshuman@hotmail.com

Kind Regards,

Terri Cadiente
